PUBLICATIONS

R. Undergrad & Interested Faculty, Undergraduate student managed to get work done, leading to publication. *Journal of Airborne Castles and Imaginary Futures*, Jan 2018

RESEARCH EXPERIENCE

Most recent project which isn't moving forward
Under the guidance of Dr Interested Faculty[3]   2018 Feb-Now
Using computational methods and theoretical modeling approaches to waste time because I prefer that to wasting time in a laboratory.

Project I've not started yet.
Under the guidance of Dr Overbearing Faculty[3]   2017 Aug-Now
This prof is scary but I might publish with them so I chose to do another project. I make stupid decisions in life someone kill me pls.

[1] so that my classmates respect me
[2] (?)
[3] Centre for Unrelated Fields, IISc

Project I sodding completed. Hell yeah.
Under the guidance of Dr Overbearing Faculty[3].
Used esoteric optimisation techniques to determine the best possible future realisable after securing an unspeakably abominable GPA.

2017 Mar-
2017 Aug

Training internship on outmoded techniques in totally unrelated rubbish
Under the guidance of Prof Big Shot[4].
This one time I thought I would try to explore the various facets of science, without realising that science is but another meaningless endeavour to distract ourselves from the futility of life.

2016 Dec
